*Abstract of each Presentation:* **N/A**

*Highlights of issues or concerns:*

- Agreed that an update to the MOR is needed.
- Discussed possible sites for TAG#66. If the Army does not go to DC-area, we probably will (perhaps tie in with Annapolis and have an emphasis on training our service academy grads in HFE/HSI). Otherwise, Dayton may be a good choice to coincide with the standup of the consolidated labs there (both Navy and USAF).
- Elected CAPT Dylan Schmorow as TAG chair-elect. Dylan underscored his three-fold vision as follows: 1) Financial reform to better get a handle on the funding stream for the TAG, 2) Creating a revision to the MOR, and 3) Work to better empower the membership of the TAG.

*Results of Elections:*

- Navy Caucus Chair: Elected LT Jeff Grubb
- TAG Chair-elect: Elected CAPT Dylan Schmorow
